1. ADOPTION OF THE AGENDA OF THE 7th MEETING

It was moved by Councillor Compton Hobbs seconded by Deputy Mayor Hamel-Pardy to adopt the agenda of the 7th meeting of the Town Council of the Town of Happy Valley-Goose Bay. Motion carried unanimously.

2. DELEGATIONS

a) Stacey Ryan-Ms. Ryan addressed Council on behalf of Valley Danceworks. Ms. Ryan advised Council that as of the end of the month Valley Danceworks will have no building for their students. She advised that there has been correspondence between them, Council and Paul Snelgrove who has a building available for them to use, but there are issues with the zoning. She asked Council to consider changing the Classification (Land Use) of their operation from General Assembly to Educational; stating that the school has a curriculum and a program that the dancers must pass to progress to the next level.

Ms. Ryan was advised that Mr. Snelgrove has spoken to staff and staff have advised him what he needs to submit to the Town.

- b) Sandra Broomfield**-Ms. Broomfield addressed Council on behalf of Peacock Primary School. She informed Council that some of their playground equipment has been removed due to safety concerns and they are applying for funding through different organizations to replenish their playground equipment. She stressed the importance of outdoor play; how it teaches communication, problem solving skills and physical activity. She said the school has always had a very good working relationship with the Town and she is once again looking for support from the Town with regards to in-kind services. She provided supporting documents for Council's review.

Councillor Compton Hobbs said she would bring the supporting documents to the next Community Services and Recreation Committee meeting.

- c) Edeta Verzosa**-Ms. Verzosa informed Council that she has applied for a Home Based Business to sell Filipino food and products from her home. She asked Council if they could provide her with information regarding proper licensing, inspection, etc.

Councillor Tobin informed Ms. Verzosa that he can supply her with information regarding Entrepreneur Services and gave her his contact information.

- d) Eldred Davis**-Mr. Davis addressed Council regarding the Snowmobile Trails in and around Town. Mr. Davis asked Council if there are any limitations to what land and trails the Grand River Snowmobile Club can claim as groomed trails. He said he doesn't use the groomed trails and has been using trails and pole lines that have been there for years. He said the Grand River Snowmobile Club has now assigned the Hunt Street pole line as a groomed trail and it is getting to be that he has no alternative but to travel on the road. He asked if the Town has given permission for them to take control of the trails and pole lines.

Mayor Snook said the Town has been working with the Grand River Snowmobile Club, however, he doesn't know the specifics of the pole line.

Councillor Chubbs said the Grand River Snowmobile Club has an agreement with the Province to put their trails on Crown Land and with the Town to have trails in Town. The Town is working with the Snowmobile Club to get the trails interconnected so the trails can be used in future development. He said he is not sure about the area Mr. Davis lives is part of the trail as they have several hundred kilometers of trail. He said with some of the subdivisions, such as West of Hefler, the Town, the Town Planner and the Snowmobile Club are working together to try to maintain the trail there as well.

Mr. Davis said these trails have been here long before the Grand River Snowmobile Club and doesn't see why the Town should be making allocations for this. He said these trails encourage speeding and can be dangerous to others using the trails.

3

Mr. Davis noted that Birch Island (Outfall) is being ploughed this year. He said it was formerly a main sewer line that was kept covered in snow to keep from freezing and suggested that removing the snow would encourage freezing.

Mr. Davis asked if the Town has taken possession of the Wastewater Treatment Plant yet and if it has gone over budget. He also asked if it will be operated by current Town Staff.

Mr. Jacque said not yet as the Town is still working with Engineers to complete the deficiencies before cluing up. He said he expects full ownership in short order, however, the Town is presently maintaining the plant. He said that not all claims have been submitted yet, but he does not expect to be over budget. He said the plant will be operated by Town Staff.

Mayor Snook said the Town put out a tender to see if the WWTP could be commercially operated, but the bids came in higher than budgeted for. He said they are now trying to recruit the appropriate people to be operated by Town Staff. He thanked Mr. Davis for his perspective on the snowmobile trails, saying this is the first time it has been brought to this Council in that light. We also said they would look into the Birch Island issue.

3. ADOPTION OF THE MINUTES OF THE 6th MEETING

There was some discussion around the cheque listing and it was suggested that another column be added to the list to show if the payee is in good standing with the Town. It was also mentioned that this cheque listing is available to view at Committee of the Whole and if there are cheques that are questionable, they should be pulled and put to FA & P to seek clarification.

12. COUNCILLORS FORUM

Councillor Tobin.

Councillor Tobin said this was a very good meeting tonight.

Councillor Pomeroy

Councillor Pomeroy said it was a long meeting, but productive and it looks like it will be a very busy spring and summer.

Councillor Chubbs

Councillor Chubbs said the committees are pulling together well and showing good integration. The Community Services and Recreation Committee has applied for funding for the Green Team who will be working in conjunction with Healthy Waters Labrador; an Environmental Committee Initiative. Councillor Chubbs thanked Deputy Mayor Hamel-Pardy for stepping up and doing a good job in the Mayor's absence.

Councillor Compton Hobbs

Councillor Compton Hobbs also said it was a good meeting. She said that playgrounds have been the centre of much discussion over the last few months and she hopes Council will support the Peacock Playground.

Deputy Mayor Hamel-Pardy

Deputy Mayor Hamel-Pardy reminded everyone of the upcoming Pancake Breakfast on March 4th. She also passed along belated Birthday Greetings to her Grandmother Dorothy Michelin who turned 94 on February 13th. Deputy Mayor Hamel-Pardy reminded everyone of the final Budget meeting on Friday and that the intent is to pass the budget on Friday, March 7th. She thanked everyone for their cooperation through this budget process.

Mayor Snook

Mayor Snook noted that this is Violence Prevention Month and a number of initiatives have taken place, the most notable being the Purple Ribbon Campaign. Mayor Snook said they had a very informative presentation from the RCMP on February 24th and they will be following up on some of the points discussed. He said Council will be lending support to the resources they are seeking as they certainly connect to the health and safety of residents and certainly the mitigations if the Muskrat Falls Project Impacts. Mayor Snook referred to the external committees of Council and said there are two committees that he sits on that Councillor Tobin has also expressed interest in

and they will be working together on this. Mayor Snook said the Combined Councils Meetings went well and two of our Resolutions were passed; March 31st as Labrador Flag Day and also the flying of the Labrador Flag Provincially. There was much support for the Wellness Centre as a Pan Labrador Resolution. He added that the CCL can be a great benefit to Council and the next meeting will be held in Happy Valley-Goose Bay. He closed by saying he would like to make this next meeting an opportunity to showcase the Town and make it the best CCL meeting yet.
