Topic: GREASE TRAPS

Policy Statement:

1. All Commercial Restaurants and Food Establishments shall be equipped with a Commercial Grease Interceptor.
2. All grease interceptors shall be located to facilitate inspection and maintenance.
3. Appropriate removal covers or hatches must be provided that allow access for inspection and maintenance.
4. The interceptor must have a valve installed on the discharge pipe which can be closed during cleaning.
5. Commercial grease interceptors must be sized to accommodate the anticipated flow without discharging grease into the sewer main.
6. All grease disposals shall be disposed into containers, sealed and labeled and discharged into household waste.
7. Cleaning of interceptors must be done periodically so grease doesn't flow into the sewer system.
